How you can help.

The immediate and first concern of the Heritage Project is three-fold. We are seeking to raise funds for these focussed projects:

- Completion of the Conservation Management Plan: \$25,000
- Solving the rising damp and drainage problems that are the cause of the erosion of the baptismal font and reredos: \$300,000
- Solving roof leaks which cause ongoing problems for the stonework: \$200,000

To raise such large amounts of money is not part of the ordinary operation of a worshipping community. Our fundraising efforts will be wide-ranging, extensive and ongoing. We have received generous donations already, however the scope of the necessary funding is considerable.

We understand that times are difficult. Any contribution would be greatly appreciated. Contributions are tax deductible and you will receive a receipt. In anticipation, we thank you for your generosity and concern for our beloved cathedral.

Yours sincerely

Rt Revd Stuart Robinson,
Bishop of Canberra and Goulburn

Very Rev'd Phillip Saunders,
Dean of Canberra and Goulburn

Dr. John G. Quilter,
Chairman, Heritage Committee

Please find donation form on next page.
